DIGITAL IMAGES FINDING GUIDE 2-2026:

1891-1893 Samoan Papers of Statesman Ebenezer Jolls Ormsbee of Vermont.

Provenance:

Primarily composed at Apia, Samoa and Washington, DC between June of 1891 and May of 1893 these archival documents are extant in the papers of Vermont politician and statesman Ebenezer Jolls Ormsbee, who served as an American Samoan Land Commission during Samoa's 1889-99 Act of Berlin period. These Samoan papers are a part of his career papers that were donated by his family to the Vermont Historical Society after his death. Mr. Ormsbee's papers are at the Leahy Library Vermont Historical Society in St. Montpelier, VT. The Samoan papers are arranged as items "MS Size B" and "MSC 35:4 to MSC35:12" and are open for public research. These particular digital .pdf copies were donated by Am. Samoa Legislative Representative Alexander Su'a Jennings of Swains Island during a 2024 ASHRAB community outreach meeting.

The aforesaid 1889 Act of Berlin, resulted after the Samoan Civil War of 1884-1889 was halted by the great 1889 Samoan Hurricane. Under the Act, appointees from the United States, Great Britain and Germany were sent to Apia to form a Samoan Land Commission that would review and register all foreign land claims. Commission work extended from c1891-1894 and began with bilingual public notices that all land claims were to be registered. Evidence and interviews followed to verify or reject ~_____ land claims, with disputes sent to a Samoan Supreme Court also established under the Act. These land registrations are the basis of Freehold lands in the Samoan Islands. ASHRAB thanks the NHPRC, the United States National Historical Records Advisory Board, for the opportunity and grant funds that made this publication possible
