

## **THE AMERICAN SAMOA HISTORICAL RECORDS ADVISORY BOARD**

### **STRATEGIC PLAN FOR 2025-2028**

***NARA-NHPRC is the United States National Archives and Records Administration National Historical Publications and Records Commission in Washington, D.C. It exists to provide historical archives grant funding to eligible American States and Territories. American Samoa's Historical Records Advisory Board therefore applied and received a grant award to promote consciousness of American Samoa's unique archives during 2025. Grant objectives would also acknowledge and celebrate American Samoa's historical 125th Tutuila Flag Day, the 100th Swains Island Annexation Day and America's 250th Semiquincentennial Celebration of 2026. ASHRAB therefore strives to promote the education, conservation, protection, translation and publication of significant American Samoa stories.***

### **OUTLINE**

***MISSION: To identify, preserve and share American Samoa's archival heritage.***

***VISION: To look beyond national and international barriers to new resources.***

***VALUES: Collaboration to protect historical archives for the benefit of past, present and future generations of American Samoa.***

***GOALS: To learn, save, guard, interpret and share American Samoa's archival information and improve resources and archival access via nine guiding themes...***

**TO CREATE**
